Anleitung: Federleichte Schmetterlings-Deko

Instructions No. 934

Noble like a **designer decoration** and yet self-made: The **colourful butterflies under the large glass dome** seem so alive, as if they wanted to fly off immediately. Find out how you can recreate the spring-like idea at home here.

And it's that easy:

1. The big **Polystyrene ball** with a long knife and stick it with **hot glue** slightly offset to the middle of the cake plate.

2. Cut some material from the small **ball** to get a better adhesive surface, then glue it **diagonally** offset on the big ball with **hot glue**. Prime both balls with a mixture of white and turquoise **and** allow to dry.

3. Cover the **plugging compound** with **Iceland Moss** and fix it with **strawflower needles**

4. A little **decoration-Willow** from Remove the bundle and fix it spirally around **it**. Now cut the wires of the butterflies to the desired length and put them spirally from bottom to top into the two balls.

Important: Make sure that the glass cover still fits over the arrangement without pressing the butterflies.
