Message in a bottle

Instructions No. 2497

Difficulty: Beginner

Working time: 45 Minutes

An **extraordinary card**! Send birthday greetings, invitations or just a message in a bottle. The bottle is sewn from transparent paper and then completed with a self-designed card that is inserted inside the bottle.
Who do you want to please and surprise with a card?

How to make the nautical card:

Download the **template** and transfer it 2x onto the **transparent paper**. Now cut out the bottle parts.

Place both **bottle parts** on top of each other and sew them together. Leave an opening at the bottom for the card.

Now cut a card in the right size and design it as you like.

To decorate the bottles, punch **circles** out of the cardboard, **stamp** them and tie them to the neck of the bottle with **cords**.

Everyone likes to find such a lovingly designed original greeting card in their mailbox! The beautiful handmade message is unique and an eye-catcher!
