Is there anything more beautiful than getting and giving presents? And if they are **creatively wrapped** and the presentee is already happy at the sight of the packaging, the surprise is immediately successful. Our reindeer bring a smile to everyone's face. Children also have great fun making and decorating them. So you cannot only call these **reindeer Gift wrapping** but also as a beautiful decoration.

This is how the funny reindeer are made:

Cut the **cardboard rolls** with the Cutter Knife to the desired size. If you want to make several reindeer as decoration, it looks especially nice if you use different sizes. Provide the roll with **double-sided Adhesive tape**. Cut your desired **fabric or Felt** right. Make sure that you cut it a little higher. Put the Felt sheet fabric around the Cardboard roll. protruding ends and glue them with **Handicraft glue** from above or below into the rolls. Then cut **Straw silk paper** and glue them into the roll as well

Then you design the reindeer's face. Glue **Wobbly eyes** and **Pompoms** with Handicraft glue me. Made of brown **Craft cardboard sheet** now punch out circles and fix them Handicraft glue to the bottom of the cardboard rolls. Now you can fill your reindeer as you wish, if you want to use Gift wrapping them as. Then close the opening with

brown **Chenille wire**. To create the spirals, simply wrap the wire around a pin. You can now add bells **and** other accessories to the antlers

It's also a great idea to use the reindeer as **Advent Calendar** to tinker. Just put the reindeer with **Advent numbers** and your eye-catcher is ready!
