Platzschilder mit Tafelfläche

Instructions No. 526
Working time: 20 Minutes

These small placemats are deliberately kept simple and therefore quickly made. The elegantly curved board surface offers enough space for writing the names of your guests.

Here's how it works:

Start by applying white primer to the boxes and lids. Then cut the desired borders from Napkin and remove the two unprinted layers of paper. Spray the printed paper layer from behind with the spray adhesive and place it exactly along the bottom edge around the boxes and on the lid. If this doesn't work the first time, carefully pull off the Napkin and place it again. Carefully smooth out the thin Paper and then apply Napkin varnish from the inside out. After drying, simply cut back the remaining Paper along the edges with a scalpel.

Finally, wipe over the edges with the flat Ink Pads and apply Satin ribbon .
