Working time: 20 Minutes

Designed**with cork accessories and lace**, this **Christmassy fir wreath** is certainly an eye-catcher. Perfect for the entrance door.

And this is how it is done

Split Jute yarn and pull it through the **buttons.** Wrap these around the wreath first.

At the upper end of the wreath, attach another Jute ribbon as **hangers-Ribbon and**tie a loop from Lace ribbon to the hanger-Jute ribbon.

Glue the cork stars and the deer or other decorative accessories **onto the** wreath with hot glue according to your personal taste.

Apply some **decorative snow** to the fir branches with a Bristle brushes , the door wreath will get a wintery look.
