Anleitung: Futterstation für Eichhörnchen dekorieren

Instructions No. 1095

In order to make it easier for the squirrels to find food in the long, hard winter, there are feeding stations. These are small wooden houses from which the squirrels can easily get their food. In this manual we show you how you can customize Bird feeding house . Beautifully painted, the squirrels in your garden might also like it.

And it is as simple as that:

How do I proceed to design the feeding station?
First of all, prime the whole Bird feeding house from the inside and outside with white outdoor-Acrylic paint . This way we create a pretty base on which the motifs are shown to their best advantage

How do I paint the motives on the Bird feeding house?
Print out the attached templates and transfer them with carbon paper to the Bird feeding house. Paint the leaves on the floor of the house and the squirrel on the house. As shown in the picture, paint the motives with the Outdoor-Acrylic paint in orange, blue, pink and yellow as you wish. The contours of the motifs and the leaf veins can be painted in black.

This way you will get a nice and colourful painted Bird feeding house.
