Anleitung: Winterlicher Lichterbogen mit Vogelhäusern

Instructions No. 871

Create an atmosphere of well-being! This Light arch one with its two small birdhouses is not a only nice, winter decoration, but conjures a very special flair into your home with its lighting.

And it is as simple as that:

First of all, it is primed in Light arch grey. While it is still drying, it is **wiped** with brown into the grey **colour**. Then fill the decorative snow on the edge of the sheet and let it dry well. The birdhouses are painted white, the roof is painted red and the base plate brown. After drying, lightly wipe the brown colour with the brush Paint sponge on the colours.

Now the **houses** are glued to the arched slab **with** hot glue. Decorate Deco-**Fir** the parts are then glued around the sheet and onto the base plate, which is also fixed with hot glue.

In the next step the aluminium sheet is primed white and after drying it is covered with the napkin motif. For the 3D

optics first the motive of the **Napkin** cut and shape the whole, then only add the birds and some berries as a further layer. With the metal pressing tool the motif can still further be embossed on the special mat. With the help of 3D Glue pads , the individual parts are glued together and then fixed between the two houses

For the winter effect, finally **take up** some decorative Spatula snow, spread it lightly on the and the bird Fir house, and finally insert the light chain into **the holes** of the light arch, fix it with hot glue.
