Autumn toadstool houses

Instructions No. 2838

Difficulty: Beginner

Working time: 3 Hours

Are you looking for an autumnal decoration for your home? The cheerful toadstool houses are an eye-catcher for young and old. Find out here how you can make everything quickly and easily.

Paint the VBS toadstools "house" in a suitable and autumnal color handicraft paint. Prime the base of the smaller tray with white handicraft paint. Cut out the desired napkin motifs from the napkin . Detach the upper printed paper layer from the lower ones and glue them to the tray using napkin glue . Paint the edges of the tray with orange paint.
Extra tip: You can achieve straight edges by masking them with crepe paper beforehand-adhesive tape.

Once the paint has dried, the entire tray is coated with napkin varnish . napkin varnish does not only serve as an adhesive, but also as a top coat. The protective varnish allows it to be wiped off later with a damp cloth.

Now stand the smaller tray on end and decorate it with a small toadstool, Iceland moss and the hedgehogs on the tray, fixing them in place with hot glue.

Cover the large tray with Iceland moss. Glue an LED micro chain of light. to the back of the toadstool using hot glue. First glue the battery compartment on, then a few lights around the windows and the door. You can arrange the remaining lights in the Iceland moss.

Finally, spread a few VBS scatter decoration Bray leaves on the moss and on the toadstools.
