bag design with painting stencils

Instructions No. 1419

Difficulty: Advanced

Working time: 45 Minutes

Become your own bag designer! With Textile paint and stencils, simple cotton bags become cheeky eye-catchers.

Spray

With grey **textile spray paint** the complete **bag is** first dyed grey. The odourless and lightfast Colour spray is sprayed directly from the bottle. The colour becomes wash-resistant by the later ironing or oven fixation.

Extra tip
Cover your work surface in advance with a protective film.

Stenciling

Spray your painting stencil **with temporary spray adhesive.** Select the motif on Stencil , paste over the other motifs. Fill in something Textile paint in Orange on a painting palette and nudge your motif with a stencil dwarf.

Extra tip
Textile paint dries particularly quickly with the help of a hot air device.

Painting + Drawing

Paint the contours of your motif with Textile paint from Liner vials according to your personal taste or set small dots as highlights.

Fix the bag painted with Textile paint with the oven according to the product instructions. The bag is then washable up to 40 °C.
