Basket made from craft blocks

Instructions No. 3565

Difficulty: Beginner

Working time: 2 Hours

Would you like to decorate your home with a cute, **homemade Easter basket**? In this tutorial, I'll show you how to create a **unique basket from craft blocks and self-cast molds** with just a few simple steps and a little creativity. This DIY-Activity is ideal for anyone who loves crafting and wants to personalize their decoration-Article . Let's get started and decorate your Easter table with this special highlight!

Step-by-step instructions: Make your own creative Easter basket

Casting VBS KeraHobby bunnies

First we make the decorative bunnies. You will need VBS KeraHobby casting powder for this. Pour two bunny molds by mixing about three tablespoons of the powder with water until you have a creamy mixture. Pour the mixture into the molds and leave to harden for about 30 minutes. You can then carefully remove the bunnies from the mold. To achieve smooth edges, sand them lightly with sandpaper . For optimum results, leave the bunnies to dry completely for at least 12 hours.

Build the basic shape of the basket

Take three craft blocks and glue them together on the long, narrow sides with a strong handicraft glue . This will create the basic shape of your basket. Leave the glue to dry for a few minutes before continuing.

Attach the bunnies
Attach one of the cast bunnies to each end of this row of blocks. Make sure that the bunnies are firmly attached and that the glue adheres well.

Complete the side walls
To complete your basket, glue two more craft blocks to each side of the bunnies. This stabilizes your basket and gives it the typical oval shape. Allow the entire structure to dry thoroughly so that it remains stable.

Decorate and fill creatively
Now you can decorate and fill your basket however you like. For example, fill it with wood wool and decorate it with decorative Easter eggs. There are no limits to your creativity!

That's it! Your unique Easter basket is ready to be admired. Take the opportunity to embellish your home with this individual decorative element. Visit our online store to purchase all the materials you need, such as Raysin casting powder, craft blocks and decorative eggs.
