Cheerful mobile for the children's room

Instructions No. 273

Difficulty: Beginner

Working time: 40 Minutes

This fun mobile will look great in your room. But you can also give it away at Easter, your parents will be very happy about it.

Easy as pie

Knots the **Cord** firmly to the **metal ring** , leaving a 30 cm long end hanging. Then you start on the opposite side and wrap around completely once. The end you have to knot well again. Now you can open the first knot and knot the beginning of the Cord to the ring, so you have already finished the suspension. Now the eggs are on

Cut the hangers and put the eggs on **wooden sticks** . This way you can paint them better. By the way, the different colours are lightened with white, so they look nice and fresh in spring

When the eggs are dry, cut off one piece of each Organza ribbon and make several double knots in the one end. You then stick it into the egg with a wooden stick and add one or two marabou feathers. **Attention**: Get two eggs only **Feathers**because they're gonna be glued to the ring

Next you cut out the thick **Foam sheets** for each chicken two feet out and glue them under with foam rubber glue. Cut out the beaks **Coloured paper** and stick them together with the Wobbly eyes and the Feathers for the wings with All purpose glue

Finally cut out the flowers from the thin Foam sheets

and punch out small circles with the punching pliers.

Now it gets a little tricky. Tie the ribbons to the ring so that each chicken hangs a little lower than its neighbour. Stick the two chickens that didn't get Ribbon on the ring with **hot glue** . Attention, do not burn your fingers! Then only still the small circles with **foam rubber glue** on the flowers and always stick two together on the ribbons and you have made a great chicken mobile.
