christmas balls as Santa Claus/a snowman

Instructions No. 4113

Difficulty: Beginner

Working time: 30 Minutes

With transparent glass balls, you can create cheerful Christmas ornaments in no time at all to decorate “ fir ” and branches. The balls look like little snow globes and can be personalized with a painted face and a hat or top hat. In just a few minutes, you can create cute snowman ornaments that also make a great addition to gift wrapping or an Advent wreath. Ideal for beginners and quick craft projects.

1) Fill the balls with “snow”

Gather all your materials. Fill the acrylic balls about halfway with the polystyrene beads to make them look like snowballs.

2) Put on the hats

Now carefully cut a small hole at the top of the Santa hats or top hats with a scalpel. Then thread the ornament's hanging string through the hole and secure the hats or top hats to the acrylic ball with about handicraft glue so they stay in place.

3) Drawing Faces

Finally, use a Posca-marker to draw the faces on the acrylic ball And just like that, your decorative christmas balls are ready!

Now it's your turn! Make several " acrylic balls " in different sizes to give your Christmas tree decorations a lively look. You'll find everything you need—from clear glass ornaments to matching pens and accessories—in our online store.

Must Have

VBS Glass balls, Ø 8 cm, 2 pieces

Content: 2 pieces
Diameter (outside): 8 cm
