advent calendar crafting and decorating

Step 1: Decorate the Christmas tree

Now it's time to get creative and decorate the individual compartments of the Christmas tree. Start by choosing the Christmas stickers that you want to decorate your advent calendar . Stickers are available in many different designs

- from snowflakes to little Santas. Stick the stickers carefully onto the individual compartments. To achieve a harmonious overall look, make sure that you decorate each area evenly.

Step 2: Label the stars

Now take one of the stars and label it. You can draw small messages or pictures on the stars that will delight your loved ones. We have chosen the words Merry X-Mas.

Step 3: Glue the stick between the stars

Take a round or bamboo stick and position it between two glued stars. Use a strong adhesive to fix the stick securely between the stars. Make sure that the stick is centered and well attached so that the star hangs stably on the tree later.

Step 4: Tie satin ribbon as a bow

Now comes the decorative part: tie a satin ribbon into a pretty bow around the stick. The satin ribbon gives your advent calendar an elegant touch. Choose colors like red, green or gold for an extra festive look.

Step 5: Glue the stars onto the fir

Finally, glue the finished stars to the small Christmas tree. Your self-made advent calendar will be a real eye-catcher in your home.
