You can make beautiful **animals** out of **clay pots**. This is an excellent pastime for your children. For **children** it is an outstanding **training of their motor skills** and **encouragement of their creativity**. And it creates great animals that can still be planted and decorate your windowsill and garden.

This is how the cute animals are made:

Paint the **terracotta pots** and saucers with **craft paint**. Glue two terracotta pots bottom to bottom on top of each other with **Uhu Max Repair glue**. Glue them into a saucer. Allow to dry thoroughly. Draw the outlines of the eyes, pupils, nose and mouth with the fineliner.

Print out the **templates**, cut them out and transfer them

to the **felt or foam rubber** with a pencil and cut them out. Stick them to the pot.

For the **elephant**, paint five small pots with the grey craft paint. Glue three together and stick them to the head as trunks.
