Colorful Window Color Design

Instructions No. 3525

Difficulty: Beginner

Working time: 2 Hours

Discover creative painting with Window Color! This paint is painted on film to create decorative pictures. Once dry, it can be easily removed and positioned - ideal for colorful designs on windows, mirrors, glass and tiles.

Use either transparent sleeves or pinwheel foil as a painting surface in front of you. Transparent sleeves are practical foil backgrounds from which your picture can be easily removed after drying Window Color Can be easily removed and repositioned again and again. Pinwheel foils are sturdy foils to which you can adhere the motif. They can be cut and punched - ideal for tags.

Window Color on transparent sleeves:
Print out our free templates. Slide each one into a transparent film. Draw the contours with VBS Window Color Outline and leave to dry. You can then color in your motifs with any Window Color Colors you like. After 24 hours Time to dry: you can carefully remove your motifs from the film and stick them to windows, mirrors, tiles or other

smooth surfaces. If you want to change the motifs, remove them and stick them back onto a transparent sleeve. This way you can use them again and again.

Window Color on pinwheel foil:
Place the template under the pinwheel foil. Trace the contours with VBS Window Color and leave to dry. You can then color in your motifs with any Window Color Colors you like. Leave them to dry for approx. 24 hours. You can then cut out your motifs from the foil. Make a small hole in them, attach a ribbon and you're ready to hang them up. We hung them on the branch with eyelets and added a pine pick.

Tip: If air bubbles form during application, they can be removed with a bamboo skewer.
