Country Style Test Tube Vase

Instructions No. 1009

This Test tube-vase promises a completely different look for your flower arrangement. Arranged next to each other, even the smallest flowers are shown to advantage. Place individual stems in the test tubes and let them appear puristic. If you like, attach small brackets for wall mounting on one side.

And it is as simple as this:

Prime the wooden element in white and let it dry. Accentuate the edges with black paint, which you apply with a brush, by gently pulling over the edges.

Must Have

VBS Vase test tube holder "Cube"

Number of parts: 7
