In the third round, work 3 air stitches, one firm stitch, 3 air stitches and 5 wales and repeat this until the end of the round. Repeat steps 3 and 4 a total of 4 times
Repeat step 3 again and then repeat a row of stitches to finish the round

Instructions for a simple flowering

First crochet 6 - 8 air stitches and close these Chain to a ring.
Crochet into the ring evenly distributed 12 firm stitches and finish the round with a warp stitch into the first firm stitch. In the second round, work an air stitch first. Now crochet 1 half stick, 2 whole sticks, 1 half stick into the next fixed stitch. Make sure that these 4 sticks are crocheted in a firm stitch. Crochet 1 warp stitch in the next fixed stitch. Repeat steps 4 and 5 6 times in total. This will create 6 petals. The simple flower is ready.
You can vary these instructions by not crocheting the stitches of the 2nd round from the front through both links of the fixed stitch, but rather stitch only into the back link of the fixed stitch. This will highlight the inner ring.
