Cute forest animals made from figure cones

Instructions No. 2600

Difficulty: Advanced

Working time: 5 Hours

Figure cones are a great, very universally applicable crafting material. This idea is a great example of how the simple little wooden figures can be turned into cute little miniatures and, together with other accessories, create a magical miniature world.

Painting - Crafting - Arranging

First paint the figure cones with a handicraft paint of your choice. Mix the selected color with a little white for the lighter areas.

Paint a piece of white foam sheets with the respective handicraft paint. cap, ears and antlers to match the figures, cut them out of foam sheets and glue them to the figure cones using handicraft glue .

Craft tip:
When gluing the hats together, it may take a little longer for the glue to set. We therefore recommend using a clothespin to hold the glued foam sheets-shape of the hat in place. The faces are now painted on with a fineliners . It is very helpful to first sketch the face with a pencil or on a Paper . Finally, add small white accents with an opaque fine pencil.

Have fun decorating and arranging a small miniature world with trees and diamond snow!
