Instructions No. 3434

Difficulty: Beginner

Working time: 1 hour

Are you looking for a **magical winter project** that is not only only easy to make, but also takes your decorations to a whole new level during the cold season? Then decorative **snow globes made from acrylic balls** are just the thing for you! These homemade works of art are the perfect eye-catcher in your home and a wonderful gift for friends and family. Let's dive into the crafty world of winter together and create something magical!

Step-by-step instructions for decorative snow globes

Preparing the wooden rings

First you need to create the base for your snow globes. Glue two wooden rings on top of each other using handicraft glue . The wooden ring serves as a stable base for your acrylic ball. Give the glue enough time to dry so that the construction is stable and does not wobble.

Designing the acrylic balls
Once the wooden rings have dried, it's time to create the magical snowy landscape. Take the acrylic ball halves and glue your snowmen or Santas to them. Use hot glue to ensure that the figures hold well. Make sure that the suspension points downwards so that your figures stand up nicely in the ball.

Filling with decorative snow
Once the figures are securely placed, sprinkle some decorative snow into the acrylic balls. The snow gives the bauble that authentic winter magic and creates a fairytale atmosphere. Then close the acrylic balls carefully so that the snow remains safely inside.

Placing the baubles
Now is the time to place the finished acrylic balls on the prepared wooden rings. The sturdy wooden rings prevent the baubles from tipping over and complete the design.

Finishing touches with Christmas decorations
For the finishing touch, you can decorate the baubles with Christmas decorations. Place small fir trees, lanterns, mini reindeer or a sleigh around the baubles. If necessary, sprinkle some decorative snow to bring everything together harmoniously and emphasize the wintry atmosphere.

With every step you take, you are one step closer to your little work of art! Now you have beautiful, decorative snow globes that will transform your room into a winter wonderland.
