

DIY Soaps & bath salts homemade

Instructions No. 1855

Difficulty: Beginner 🍴🍴🍴🍴

Working time: 30 Minutes

Are you interested in homemade soaps? In these basic instructions we have Bath salts compiled all important techniques for making your own soaps.

Pouring soap is very easy!

You only need a few basics for casting soap: choose a heat-resistant casting mould, casting soap and a melting pot and create individual soap bars according to your personal taste by using soap colour, scented oil and care additives. Would you like detailed instructions? Read the [instructions 1439 "Pouring soap"](#) and create sophisticated soap reliefs by placing a relief inlay in the casting mould before casting.

Bath salts and bath balls

As with soap moulding, you can also make [bath salts](#) and [bath balls](#) with little effort. In our online shop, you will not only find the basic material but also fragrant bath salt sets.

DIY soaps and bath salts are the ideal gift idea
