Easter window pictures

Instructions No. 1716

Difficulty: Beginner

Working time: 15 Minutes

Decorate your windows with cute window pictures for Easter. The great thing is: after Easter you can easily remove the window pictures from your windows and decorate them with new ones. The whole thing can also be done together with children.

First download the **free motif template** and print it out. Before you start painting, you should cover your work surface properly to avoid contamination. Now simply place the printed sheet in a **transparent cover and** start to trace the outlines of the motifs with the black outline paint. The drying time is about **two hours**. However, this depends on the thickness of the lines
Now you can draw the motifs as you like with **Windowcolor** color. Let the paint dry for **about 24 hours**. Then carefully remove the motifs from the transparent cover and apply the resulting pictures to windows, tiles, mirrors or glass
