Emaille-Kanne mit Farbe und Stoff

Instructions No. 775

With only little effort and a few scraps of fabric, the cream-coloured planting bowl and pot are designed. A perfect duo for the windowsill.

And so it goes

Pour a mixture of colours Paint sponge onto the lower parts of the pot and the planting bowl Carmine Red and a little bit Black. After drying, cut 2.5 cm wide strips from the fabrics and stick them around the pots with tape-Ribbon . Tip: The serrated scissors prevent the fabrics from fraying at the cut edges.
For the fabric flower, cut 8 x 8 cm squares from the check fabric and divide them diagonally into triangles. Make five triangles per flower at the corners and wrap them with wire. Fix the finished petals to the pot with hot glue and finally glue a button in the middle of the pot.

This idea is timelessly beautiful!
