Let the ballerinas dance - not on the parquet but on a Embroidery hoop. Our embroidered dancers wear a sparkling dress made of bubble and tutu skirts Yarn made of tulle. Together, the hanging embroidery pictures are guaranteed to attract all eyes.

Print out the **design template** and transfer it **to** the fabric using **carbonless paper**. Then clamp the fabric into the individual embroidery rings

Now start embroidering
For the tops bubble **i Yarn n** different colours was used and embroidered with cross stitch. But you can also use another stitch here. Now the hair and contours are stitched with **Embroidery twist** embroidered in the matching colours

The tutu skirts are made of tulle ribbon. For this you cut three pieces of each skirt. Pull a thread by hand into the upper edges of the skirt layers. With large stitches you get rough gatherings, with small stitches the gatherings get smaller. Now pull on both ends of the thread until you like the result. After the ruffle, sew the skirts with bubble. Use scissors to cut the top layer of the skirt
