And it's as simple as that:

For a better stand you cut off the lower curve of the egg a little bit and paint the
Tip of the Polystyrene- eggs approx. up to half Skin Tones.
Paint one lower half red and one in light blue.
After drying, glue on the arms, feet, noses, eyes, ears and hats with hot glue. The hot glue melts it perfectly, without piercing any holes. Let an adult help you with this.
