Felt angel

Instructions No. 1649

Difficulty: Beginner 

Working time: 30 Minutes

Make cute angels out of felt. It's easy with our motif template. The finished angel is about 38 x 23 m or 27,5 x 17,5 cm.

Little effort - great effect

Copy the motif template and **transfer** the figure twice onto the white felt piece. Cut out both angel shapes and decorate them with the glitter liners with gold and silver outlines.

Glue both Engel parts together at the edges with Handicraft glue . **Put** the round stick into the wooden plate, fix it with glue and pull the felt angel onto this self made wooden stand.
