Glitter pencil box

Instructions No. 1899

Difficulty: Beginner

Working time: 30 Minutes

The pen box shows how practical and decorative craft projects can be. The sunny glitter look brings a good mood on the desk.

Creative with the Fretsaw

A **plywood plate** in 18 x 13 cm size is required as a basis for handicraft work. With the fretsaw, even inexperienced people will certainly be able to saw a board in this format. The plate is Handicraft paint Ivory primed in the

The **cardboard rolls** are now cut in different heights. In our decoration example we used 2 cardboard rolls with 10 cm, 7,5 cm height and 1 roll in 15 cm and 4 cm each

Crafting fun with glitter band and color

The rolls are creatively painted **Handicraft paint in sunny spring colours**. With glitter ribbon and with a lettering-message painted on with a pen a fascinating "good mood" look is achieved.

With Handicraft glue or hot glue, the cardboard rolls can be positioned on the plywood panel according to personal taste. The final decoration of the self-made pencil box with jute cord **gives** it that "special something".
