Instructions No. 899

You like notepads? And you'd like to know where he is..? Do you often misplace your house key? And you don't want to search anymore..? Then let's go! This memo board holds all your thoughts together and the practical hooks hold your house key as well as the cellar key.

And it's that easy:

Tape the wood around the board cutout and apply Board paint several times.
After everything has dried, remove the Adhesive tape and now glue the board surface.
Now prime the frame of the board in white. While it dries, cut the
Napkin motifs and then stick them onto the board.
Spray the fox motif from the back with masking glue beforehand because you stick it on the dark surface.
Now paint the inner edge of the board cutout, the front edges and the hook balls with olive green.
With the brush you paint irregularly over all edges and frame the checkerboard cutouts.
Finally, use Ink Pads to accentuate all the edges again by lightly wiping over them with a pillow.

Use masking glue to stick napkin motifs onto dark areas.
