These beads shimmer in magical colors and attract everyone's attention. Benefit from these step-by-step instructions and create your own individual jewelry that goes perfectly with any outfit. Let your creativity run wild and discover how easy it is to create unique jewelry yourself!

Create your own Magic-bracelet from Miracle Beads

Step 1: Preparing the materials

Before you start crafting, make sure you have all the materials you need to hand. The heart of your bracelet are the shimmering Miracle Beads, which are available in different colors. Here are some important terms and tips to help you get started:

Magic-Stretch elastic cord: an elastic thread that gives your bracelet flexibility and makes it comfortable to wear.
Bead stringing needle: A practical tool that helps you to thread the beads effortlessly onto the elastic cord.

Step 2: Design the bracelet

Fix the thread: Clamp the Magic Stretch elastic cord between the bead stringing needle. This makes it easier to thread the beads.

String the beads: Start by threading the Miracle Beads and desired pendants in any order you like. Depending on your preference, you can create monochrome patterns or a colorful play of colors. Choose colors that underline your personality and create a harmonious overall look.

Step 3: Determine the right length

An important step when creating your bracelet is to find the ideal length:

Use a tape measure or string: Wrap a string or measuring tape around your wrist to determine the desired length. If you want to wear the bracelet a little looser, simply add 2 cm to the measured length.

Step 4: Complete bracelet

Bring to the desired length: Once your bracelet has reached the desired length, remove the bead stringing needle from the elastic cord. **Knot the ends**: Knot the two ends of the Magic Stretch elastic cord firmly together. Make sure that the knot is secure to prevent it from coming undone later.

Give your look a magical touch

Congratulations! You have just created your own unique Magic-bracelet from Miracle Beads. This piece of jewelry is not only a real eye-catcher, but also an expression of your creativity and individuality.
