Are you looking for a fresh decoration? The decorative sign Fish is ideal for a maritime look in the bathroom or even in the entrance area.

## Maritime Napkin technique

First the sign is primed with white paint

The fish-sign is complete with **Napkin** overdrawn. For this purpose, the white paper layers are removed so that only still has the printed paper layer. The wooden sign is coated with Napkin varnish , the napkin layer is carefully applied. With the Strich-Ex-pen now the word "Moin" or an alternative message is written on the fish. This is done with the Posca Marker traced and then painted

Finally decorate the sign with jute ribbon.
