Mixed Media Flower Power

Instructions No. 638

The **colorful Flower Power picture** is in mixed media style very quickly self made. **The template for the bus can be downloaded on this page.**

And this is how it works

First the big and the two small Stretched Canvas are primed with Acrylic paint in neon colours **as colour gradient** . This is best done by wiping up the paint with a dry Paint sponge and possibly reworking with water. In the next step the masking is stenciled **Stencilon** the Stretched Canvas 30 x 30 cm. All Stretched Canvas get an optical hold by wiping the edges of all Stretched Canvas with a sponge and black paint.

Now the **template** for the bus can be transferred to the square Stretched Canvas As soon as the shapes from bus are painted black, you have a great basis for the further design of the flower power picture: Colorful flowers and the peace motif are applied **to the** small Stretched Canvas with effect **liner**, the bus gets that certain something with a central peace sign. As soon as everything is dry, you can draw more black contours around the motifs on the small Stretched Canvas , depending on your taste you can set colored shades

Another highlight of the bus are **Sequins**that are arranged into flowers and stuck on the bus. Finally the three small Stretched Canvas are placed on the large colour-Stretched Canvas and also fixed. For the gluing we recommend Effekt-Glue
