Here we have the perfect monetary gift for you! Whether big or small, everyone will enjoy the decorative decorative boat. The unique maritime look is wonderful as a money gift for the next trip and is a real eye-catcher.

Now colour comes into play

First paint the VBS decorative boat with the craft colours. There are no limits to the colours you can choose. In our example, we chose white, navy blue, turquoise and red. After the paint has dried, stick the anchor of the "Oland" scatter pieces in the desired place with craft glue.

Erect the mast

Now use scissors to shorten the wooden sticks to the length you want. Insert one end of the wooden stick into the wooden disc and a half-drilled ball onto the other end. Then paint the ball with craft paint.

Hoist the sails

Select banknotes for the pole and shorten the wooden sticks to the length. Attach the notes to a wooden stick using double-sided adhesive tape. Glue the wooden stick to the pole with a little hot glue. Stick the finished mast into the decorative boat with a little hot glue.

Decorate the gift of money

Use hot glue to stick the pennant chain to the beginning of the boat, to the masts and to the end of the boat. Now fill some shell granulate into the boat. This provides more stability. Finally, label the driftwood with the Posca marker and glue it to a wooden stick. This is still put into a wooden disc and glued. And you are done!
