Neon-bracelets with messages

Instructions No. 3628

Difficulty: Beginner

Working time: 20 Minutes

Neon bracelets are not just a fashion accessory, but also a creative way to express your personality. With our simple instructions, you'll be designing your own **unique bracelet** in no time at all, attracting everyone's attention. Let your imagination run wild, **combine bright neon colors and personal messages** and create a piece of jewelry that suits you perfectly. Why settle for the usual when you can make something really special?

Design colorful neon-bracelets with personal messages

Step 1: Preparing the elastic cord

Take the Magic Stretch elastic cord. This special elastic cord is stretchy and therefore ideal for bracelets as it adapts comfortably to the wrist. To thread the cord securely between the beads, simply clamp it between the bead stringing needle. This will prevent it from twisting or slipping during threading.

Step 2: Selection of the beads and pendants
Choose the beads and pendants that you like best. There are no limits to your creativity here - mix neon colors or combine shades that harmonize well with each other. Personalize your bracelet with small pendants or beads with letters to add a special message. Remember to plan your message in advance so that you string the beads in the right order.

Step 3: Stringing the beads
Now start threading the beads and charms onto the elastic cord in any order you like. Make sure that the beads are close together so that they do not shift later. You will see your bracelet take on more and more shape with each threaded element. Enjoy the unique play of colors and the personal touch you add.

Step 4: Determine the bracelet length
A well-fitting bracelet is a must! Measure the circumference of your wrist beforehand with a string or measuring tape to determine the ideal length of your bracelet. If you prefer a tighter-fitting bracelet , stick to the measurement you have taken. For a looser fit, simply add 2 cm.

Step 5: Securely knot the ends
Once you are happy with the result and have reached the desired length, it's time to tie the knots. Bring the two ends of the elastic cord together and knot them securely. Tighten the knot well to make sure it does not come loose. Carefully cut off any excess cord without damaging the knot.

Your neon-bracelet is ready!

You now have a customized neon-bracelet with your own personal message in your hands. You can proudly show it to your friends or give it as a gift.
