Rabbits from terracotta pots

Instructions No. 2106

Difficulty: Beginner

Working time: 1 hour

You can make these many **colourful bunnies** with just a few materials and decorate your home. They are also a great craft idea that you can create together with your children. Once they have been designed, they are also great as presents to give away.

The bunnies are made from terracotta pots:

Paint the **clay pots** and **wooden balls** to your own taste. Craft colours are best suited for this. After drying, glue the wooden ball onto the upside-down clay pot using hot glue. Make sure that the hole is facing upwards.

Bend the **chenille wire** to form the ears and then insert them into the wooden ball and fix them in place with a little hot glue.

For the stub tail a **pompom** is glued on.

Shape the nose with a pearl pen and the face with a fineliner.

Must Have

Terracotta pots, Inside-Ø 5 cm, 10 pcs.

Content: 10 pieces
Diameter (outside): 5.7 cm
Height: 5 cm
Material: Terracotta
