Leave to dry and paint

Leave the glue to dry well. Turn the bowl over and paint it with white handicraft paint. Paint the entrance door and the fence in your preferred colors. Draw lines on the gnome door with a white marker to create optical tiles.

Step 2: Decorate the Secret Santa door

Attach the back and chain of light

If you like, glue three more craft blocks to the back of the door and add a chain of light . Leave the door open a little so that it looks as if Tomte has left the light on.

Glue the door to the pedestal using handicraft glue Attach the fence around the platform using hot glue. Cut out an entrance with the side cutter.

Step 3: Create the decorative gnomes from clay pots

Paint the clay pots

Make the gnome hats

Print out the stencil for the hats and transfer them to felt. Cut them out and glue them together with hot glue. Cut off a piece of the faux fur cord, form a beard and glue this to the terracotta pot. as well. Attach a wooden bead as a nose and fix the felt hat in place. Don't forget to attach a small clip!

Step 4: Design the scenery

Set up the miniatures

Decorate the table

Decorate the table with more small clay pots, a miniature painting palette, a miniature pencil box and the miniature set with scissors and tape measure. Use your other items such as felt, wooden balls and jingles for further decoration.

Add additional details

Place some snippets on the floor and the miniature shovel. Stick a wooden ball next to the entrance door and hang a mini lantern from it.
