Secret Santa stars from felt

Instructions No. 2913

Difficulty: Beginner

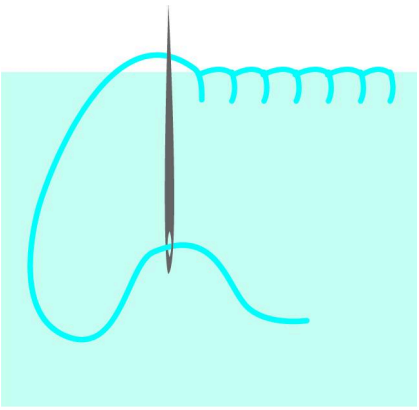

Working time: 4 Hours

These **cute gnomes** are very easy to sew yourself thanks to the free template. A beautiful decoration for the winter season and also an excellent gift for your loved ones.

This is how the elves are sewn:

transfer the **template** to the **sheets of felt** and cut everything out. You will need two sheets of felt per star. Sew two stars of the same color together using the **buttonhole stitch**. Leave an opening at the end to fill the stars with **wadding**. Then sew this closed.

Next, place the **hats** on the stars to see at what height you need to glue the **beard**. Start gluing the beards on straight away. Be careful, the hot glue gets very hot.

Then glue on the **hemispheres** for the nose and put on the hats. Fix these to the stars with **hot glue** too. Now cut the beards into shape. Finally, make or sew folds into the hats by hand or with the help of hot glue.

If required, you can thread a string through the **pompoms** pull a yarn through them.
