Sew Polar Bear Cushion

Instructions No. 2357

Difficulty: Beginner

Working time: 2 Hours

Give this **cute polar bear cushion** a new home. This sewing project is also suitable for **beginners** and is easy to make. Both young and old will be delighted with this new inhabitant of the house. The cute polar bear feels at home in the children's room as well as on the sofa in the living room.

How to sew the cute bear:

The **pattern** is without seam allowance, i.e. mark approx. 1 cm seam allowance on the fabrics. Cut the fleece without seam allowance.

First print out our templates and transfer them to the **desired fabrics** and the **fleeceeline**. From the fabric and the

fleece, you will need to cut the polar bear twice for the front and back of the cushion.

Now iron the fleece onto the centre of the wrong side of the fabric.

Attach the **nose** and **eye** to the fabric that will serve as the front. Now place both pieces of fabric right sides together and sew them together. Leave an opening for turning and filling.

Now turn the cushion over, iron it if necessary and fill it. Sew up the opening by hand. Then wind and sew on a pompom using the pompom maker set. You will find detailed instructions on/in the packaging.

Info: The cushion incl. cotton wool is washable up to 40°C.

Dear sewer, as fabrics are seasonal goods and we always want to have trendy fabrics in stock for you, it can happen that the sewn fabric is no longer in our range.

In our fabric section you will find a large selection of great fabrics. Click **here** to discover **all the fabrics**.
