Ski trip with Secret Santa

Instructions No. 1852

Difficulty: Beginner

Working time: 1 hour 30 Minutes

Who can't resist these **little fellows**? These gnomes are just too cute and easy to imitate. With a few simple steps and a few handicraft materials, many **funny gnomes** can be created without further ado, which will **have** fun on a ski trip. These companions look adorable on your windowsill, chest of drawers or even in a flower arrangement. Children also have a lot of fun creating these gnomes and giving them different accessories and faces.

The figure-cone gnome:

First paint the **figure cones** with **Handicraft paint** in your desired colours. Save the heads and paint on these faces. Here you have many possibilities and can live out your creativity. Apart from laughing and happy faces, you can also think of strained or surprised facial expressions

Now put the **caps on** the gnomes and stick them and a pompom on the **top of** the caps. The gnomes are then **glued** to the skis. Pull the wooden beads and Wooden discs on the ski poles and fix them with some The Handicraft glue. beads represent the hands of the gnomes. Now you can fix them to the cone gnome with glue.

The goblin goblin:

With the fir cone elves we have white accents with **Handicraft paint** on the **spigot**. Paint faces on the **Wooden balls** and glue them to the cones with **hot glue**

Now put **on** your cone gnomes **caps** and fix them with a little glue on the back of your head. The finished gnomes are now glued to the **skis**. Also here wooden beads are used as hands and those are pulled onto Wooden discs the ski poles and fixed with glue. Now glue the ski poles to the pegs

Ready are your gnomes for the ski trip!
