# Snow to go

**Instructions No. 2051**

Difficulty: Beginner 

Working time: 1 hour 30 Minutes

A super nice gift idea: **snow as a present!** With our instructions you can make transparent envelopes in which paper snowflakes can be seen. You can then **bring** them **along** as a gift. If there is no snow, just bring it yourself - in a very special way! This will bring a smile to the faces of the recipients.

## This way the snow is made to give away:

Print out the **template** and transfer it to the **Vellum paper**. Cut this Paper up. Glue the back with double-sided Adhesive tape.

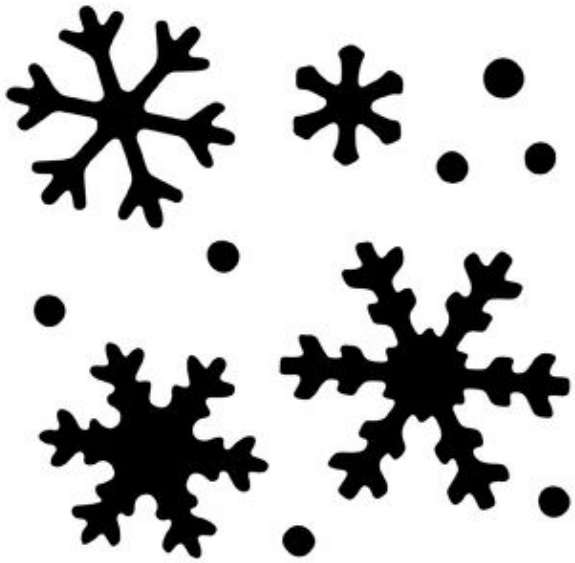

Next, cut 1.5 x 10.5 cm strips from the black cardboard, label them with the lettering of your choice and stick this onto Adhesive tape the Vellum paper.

Punch out the **snowflakes**. For our sachets we have punched out silver, gold and white flakes. Now fill your snow into the "bags". Put a few snowflakes aside for decoration

Now sew up the open sides with the sewing machine and stick on the remaining snowflakes.
