Spring is in the air and what better way to ring in this fresh season than with a **homemade heart wreath** for your front door or living room? This springtime decoration is perfect for bringing joy into your home. With our simple step-by-step guide, you'll be creating a beautiful heart wreath in no time. What's more, this creative activity is not only relaxing, but also a great way to develop your artistic skills. Read on and discover how to add a fresh, springtime flair to your home!

Create a wreath of hearts for spring

Step 1: Attach chain of light

Start by wrapping the chain of light around the heart wreath. Make sure that the lights are evenly distributed. It is best to attach the battery box of the chain of light to the back of the wreath. Use the hot glue gun to glue the box in

place. This way it remains invisible and your wreath keeps its beautiful shape.

Step 2: Cut and attach the wire

Next, cut the wire to size using the pliers. This is also fixed to the back of the wreath with hot glue.

Step 3: Attach the stick

Now that the basic structure is in place, it's time to add a little more structure. Attach a decorative stick to the front of the wreath with hot glue. The stick will serve as a base for other decorative elements.

Step 4: Attach decorations

Now comes the creative part! Decorate the wreath as you wish with moss, quail eggs, feathers, lagurus (dried flowers), wooden eggs and small bunny figures. You can securely attach the elements with hot glue. Make sure that everything is well distributed and balanced to create a harmonious overall look.

Step 5: Use jute cord for hanging

Finally, tie a jute cord around the top of the wreath. The cord is used for hanging and also gives the wreath a rustic charm. Tie the cord tightly so that it can easily support the weight of the wreath.
