Suitcase with napkin technique for holiday memories

Instructions No. 1525

Difficulty: Beginner

Working time: 45 Minutes

During the holidays, most of the times, an unbelievable amount of pictures, small souvenirs and entrance tickets accumulate. So that you have all the memories together after your holiday, design these small "holiday suitcases" with Napkin technique.

Priming

First prime both cases with **white Acrylic paint.** For this purpose use a **Paint sponge**. With this, the paint is applied particularly evenly and no brushstrokes occur. Let the paint dry well.

Napkin technique

Now cut out **Napkins-motifs** of your choice and remove the unprinted paper layers of Napkin. Arrange the cut-out motifs on the suitcases and fix them with some **Napkin varnish** carefully on the surface. Spread the varnish over the entire surface of the cases, as it dries silky-matt and the surface could otherwise have a different shine.

Wipe

For that special something **Ink Pads** wiped the edges of the cases. Finally you need only to put your collected holiday memories into the pretty suitcases. With the next wanderlust simply open and bring a little vacation home.
