T-shirt creatively designed with textile-board paint

Instructions No. 957

Design your T-shirt according to your ideas

The popular Board paint is now also available for textiles! Give your ideas free rein and create your original designer shirt with very simple means

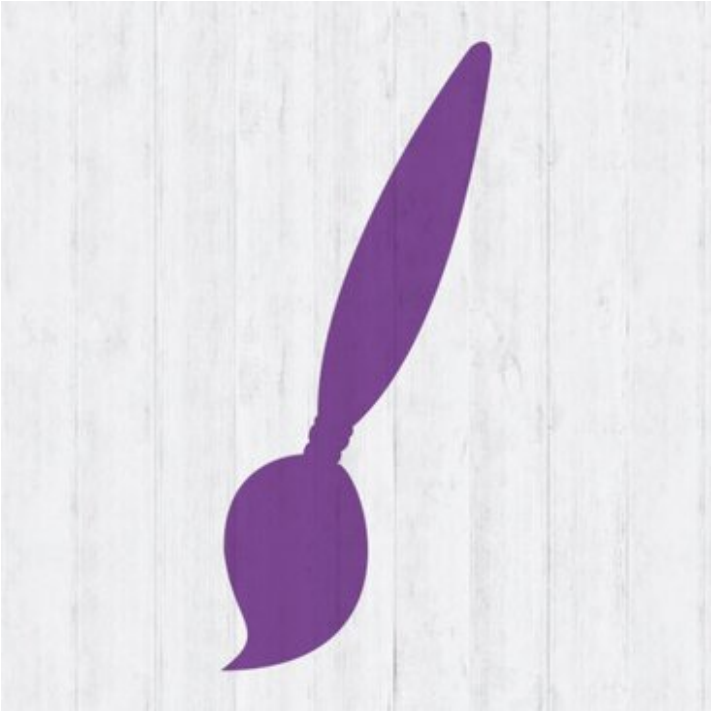

Combine it with funny, stylish or trendy hanger applications and make your Cloakroom rails your personal statement. It's that simple: First wash the T-shirt to make sure it is clean, then let it dry and iron it smooth. Now put on the Stencil and paint the Board paint full of color. After that, immediately peel off the Stencil and wash it out. The color application should be even, you can smooth the surface with a Spatula additionally. When dry, iron the T-shirt inside out according to the instructions

Now place the appliqués, put on the iron-on foil and iron the appliqués. To fix everything, iron the T-shirt inside out. Use Chalk marker and give your designer shirt a new look - just wipe the chalk off and renew it. In our online shop you will find more applications for your Designer - Shirts.

This idea is timelessly beautiful!
