A childhood dream comes true - create super cute pompon ballerinas!

With our set you can easily make the cute figures. With the included articles you can conjure up **six ballet dancers with glittering dresses.** In addition, you will only need scissors, hot glue or pens and Handicraft glue, a Handicraft paint thread & needle for hanging them up. The dancers are not for only adults a great **handicraft project,** but also children enjoy the handicraft work and the great result!

That's how easy you make the ballerinas:

Start by making these Pompoms for the ballerinas. To do this, first click the template parts apart. For our ballerinas we have chosen the ones with the Stencil size 5,5 cm. Now take your desired wool and wrap it around one half of the template starting from the middle of the template. Then repeat this with the other half of the stencil. Afterwards you can close the halves to a ring again. The wound wool is cut open along the outside, pull in Ribbon between the two pompon halves and tie them tightly together. This way the cut open wool threads are securely fixed. The finished pompon can then be **shaped** with scissors.

Paint six small Wooden balls ones for the neck with **Handicraft paint**. We have chosen the colors for our dancers Mint, Old Pink and Ivory selected. Likewise another six small Wooden balls ones for the hair bun are painted in your desired colours. Here is Grey Brown, Beige and Brown used. On the big ones Wooden balls you paint the hair and faces. For the faces you can use both Handicraft paint **Marker**. Here you can freely decide whether your dancers should laugh, wink, sleep or look friendly.

Using a **needle**, pull a **nylon thread** through the top of the pompon. Then pull both ends of the thread through the body, the head and finally through the bun. It is best to glue them Wooden balls and the pompon **together** with a little **hot glue**. Knot the nylon thread at the top of the bun. Then knot the two ends for the hanging.

For the necklaces you simply pull a few wax beads on a thread, put it around the neck of your beauty and knot the ends at the back of the neck.
