VBS "Pine Cone Animals" Craft Kit

Instructions No. 3690

Difficulty: Beginner

Working time: 3 Hours

With the "Animals from Pinecones" craft kit, you can create creative and charming animals in no time at all—perfect for decoration, play, or as gifts. In addition to the materials included in the set, all you need are a pair of sharp scissors, a hot glue gun , and a sublimation pen or, alternatively, a fineliners . The advantage of a sublimation pen is that the purple color disappears on its own or with a little water after some time and leaves no visible marks on the craft felt.

Here's how to make the forest animals:

First, carefully cut out the included templates with scissors. Next, place the templates on the craft felt, trace around them with a fineliners or sublimation pen, and then cut them out as well.To ensure the pinecones stand securely later, glue a small wooden disc under each pinecone using hot glue. Next, glue the cut-out felt pieces onto the pinecones with hot glue. Finally, attach the wobbly eyes to the appropriate spots with a small drop of hot glue. For some animals, draw on the mouth, nose, or other details with a fineliners . If desired, you can also add a christmas cap and secure it with hot glue as well. Little by little, wonderful animals in various shapes and designs take shape. Once the hot glue has dried completely, the pine cone animals are finished and can be displayed as decorations or given as gifts. Have fun crafting and creating!

Must Have

VBS Craft Kit "Pine Cone Animals"

Size: 9 - 16 cm
Content: 8 pieces
