Winter metal rings

Instructions No. 2578

Difficulty: Beginner

Working time: 1 hour 30 Minutes

This elegant wall decoration consists of black, oval metal rings, decorated with dried flowers and taffeta ribbons. You can make this decoration with little effort and material and it is absolutely trendy.

Decorate oval metal rings with dried flowers

Tie the dried flowers together into small bouquets and attach them to the metal rings with wire.

Cut different colours of taffeta ribbon in different lengths and glue them to the bouquet or metal ring.

Paint the small stars in black and glue them to the large stars, then glue them to the ribbons.

If you wish, you can decorate and write on a tag, glue on a star and also attach it to the metal ring.
