Wooden bunnies with the Cricut

Instructions No. 2778

Difficulty: Advanced

Working time: 1 hour

These **cute bunnies** are easily made with our free file provided for you. With the help of the **Cricut** products, the great bunnies are easily and precisely cut out to be stuck together. Afterwards, you can decorate the bunnies further or leave them plain wood in their original state.

This is how the bunnies are designed:

The following instructions refer to the application of a PC with Windows operating system. On mobile devices and other operating systems, the arrangement of the buttons may differ. The names remain the same.

Inserting and cropping a file

1. First, please download our SVG file.
2. Open the Cricut Design Space App.
3. Click on the three horizontal lines in the upper left corner and go to "Workspace". Now you will see the working mat on your screen.
4. Click on "Upload" on the left. Here go to "Upload image" and then to "Browse". Open the VBS SVG file.
5. Click on "Complex" under "Select image type" (to crop the motifs) and then on "Next" at the bottom right.
6. Now click on all the white areas with the mouse to crop the motifs.
7. Click on "Apply and continue".
8. Click on "Cut out image" under "Select upload type" and then on "Upload" at the bottom right.
9. Now go to your file under "Last uploaded" and then click on "Add to canvas" at the bottom right.
10. Now you have the file with the cropped motifs on the workspace.

Here you can now adjust the motif size to the size of the lime wood.

(ATTENTION: If the bunnies are to be cut out smaller, the size of the slit must be adjusted manually in Design Space to the thickness of the wood).

Place the lime wood on the Strong Grip mat and fix it additionally on the sides with adhesive tape.

To plot, follow the instructions in the app.
