Wooden plug flowers

Instructions No. 3291

Difficulty: Beginner

Working time: 3 Hours

Create enchanting stick-on flowers from wooden tea light holders

Are you looking for a creative but simple craft idea to brighten up your home? Our step-by-step instructions will show you how to create cheerful stick-on flowers with friendly faces that will give any room a personal and cozy atmosphere. Perfect for craft lovers and beginners!

tealight holders paint

Start your project by painting the tealight holders in the desired colors. Make sure that the paint is applied evenly and allow it to dry completely. Using an opaque waterproof marker , place small dots evenly spaced around the edge of the flowers.

Transfer the template to kraft paper

Take the template and transfer it carefully onto the kraft paper. Then cut out the template precisely. kraft paper is robust and ideal for decorative handicrafts.

Crafting with wooden blanks

Take three cut-out kraft paper-flowers and glue a wooden platine in the middle of each one.
Cover the other three wooden boards with a tricot fabric . Cut the fabric to size and sew around it with a backstitch close to the edge: place a board in the fabric and pull the fabric together. Knot the thread and glue the resulting faces onto the remaining kraft paper-flowers.
Now glue the prepared kraft paper-flowers with the wooden board faces in the middle of the painted flowers. Make sure that everything is firmly attached to prevent it from moving.

Fix the round sticks

Finally, attach the round sticks to the back of the tealight holders. These are the flower styles of your stick-on flowers.

Immerse yourself in the world of handicrafts and create decorations that bring joy. You can find all the materials you need in our online store. Shop now and get started!
