

Hello favourite neighbour,

finally the time has come:
Christmas!

Today I have decorated my
tree and I have also prepared
something for YOUR
Christmas tree...

A little early Christmas
present and a thank you for
the wonderful time with you
and your family!

I will now move on, travel
the world and hopefully
experience a lot.

But if you don't mind, I'll be
happy to come back to you
next year!

Until then!
Yours
