

Hello neighbour!

Today I was very busy and made little Scandi Gnomes.

I was sooo absorbed that I didn't even realise what a mess I'd made...

Now I have to tidy up first.

Oh dear.

Do you fancy making little Scandi gnomes too?

I've also got a VBS craft kit for you.

Have fun crafting and make sure you don't make too much of a mess.

See you soon,

Yours
